The transmission on the R contests, in any lamper to an emapticulize perso d by Law, reproduction of this form is prohibited. THIS IS UNEVALUATED INFORMATION A factory for the production of submarine detection apparatus is located on the corner of Szkolna and Rola-Zymierski Streets in Dzierzoniow (Reichenbach). This is a former German factory which was not damaged during the war. On the gate is a shield with the inscription "Panstwowa Fabryka Transformatorow" 2. (State Transformer Factory). Engineer Wacilewski is General Manager. The factory employs about 2,000 3. workers in two shifts. The monthly pay for a skilled worker is approximately 20,000 zl., which is very good in comparison with salaries at other factories. The apparatus is packed into wooden boxes 1.5 meters on each side and is sent by truck to the railway station, whence it is transported to become Seven wooden boxes are loaded onto a 5-ton truck. 5. The factory is guarded by UB (Security Police) and KBW (Internal Security Troops) personnel. workers employed at this factory are aware that the apparatus produced is Ó, for the USSR.
